Planned Residential District Rezoning for
Stonegate North Multi-Family Development

APPLICATION

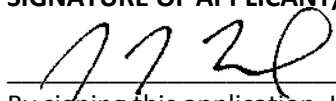

**TOWN OF BLACKSBURG
CHANGE OF ZONING CLASSIFICATION APPLICATION (REZONE)**

This application and all accompanying information must be submitted in full before the Rezoning Request can be accepted by Town staff. Once the Planning and Building Department accepts the application, it will be referred to the Planning Commission and Town Council for consideration. The application and all accompanying information will become conditions of approval. Proffered conditions of approval are binding. Please contact the Planning and Building Department at (540) 961-1126 for application deadline or questions, or to schedule the **required** pre-submittal meeting.

The following items **MUST** accompany this application for the Town of Blacksburg to accept this application for processing and review. Any items submitted cannot be larger than 11x17 in size:

- 1) Written, signed consent of the property owner. If the applicant is the contract purchaser, the written consent of the property owner is required
- 2) One copy of a site plan with surveyed boundaries for the property showing the lot, existing and proposed structures, site improvements, parking areas and spaces, and any other information necessary to determine the ability to meet the Zoning Ordinance site development standards, Use & Design standards and physical compatibility with the neighborhood
- 3) Building elevations for all proposed buildings -or- elevations showing any changes to existing buildings
- 4) Vicinity map (may be included on the site plan) showing surrounding uses, zoning districts, buildings and other improvements within 300' of the property
- 5) Legal description of the property
- 6) Completed VDOT 527 (Traffic Impact Analysis) Form
- 7) A list of adjacent property owners (including properties across a street) and their addresses, plus the cost of CERTIFIED FIRST CLASS postage for notifying each adjacent property owner (no stamps, please)
- 8) Fee of \$100 for the Town of Blacksburg to post all public hearing signs. **Please note:** The applicant may choose to post the property, using signs provided by Town Staff, and not be subject to the posting fee
- 9) Fee of \$1500 for Rezoning, or \$2000 for Planned Residential Rezoning, or \$1000 for amendment to existing Planned Residential District. Please make your check or money order payable to the TOWN OF BLACKSBURG
- 10) Proof of pre-submittal meeting between Town staff and applicant/agent
- 11) Prior to the initiation of an application for Rezoning, or prior to the issuance of final approval, the applicant shall produce satisfactory evidence that any delinquent real estate taxes owed, which have been properly assessed against the subject property, have been paid (§ 1150)
- 12) Any applicant for a Rezoning shall make complete disclosure of the equitable ownership of the real estate to be affected including, in the case of corporate ownership, the names of stockholders, officers and directors, and in any case the names and addresses of all of the real parties of interest. The requirement of listing names of stockholders shall not apply to a corporation whose stock is traded on a national or local stock exchange, and which corporation has more than 500 shareholders (§ 1110)
- 13) Proffer statements that meet the requirements as stated below
- 14) Digital copies (PDF) of all application materials are required at the time of submittal, or within 10 working days of the submittal date.

DESCRIPTION OF REZONING REQUEST

Section 15.2-2286(A)(7) of the State Code of Virginia states that, “ Whenever the public necessity, convenience, general welfare, or good zoning practice requires, the governing body may, by ordinance, amend, supplement, or change the regulations, district boundaries, or classifications of property. **It is the applicant’s responsibility to provide a narrative outlining the following information in order to assess the public necessity, convenience, general welfare, or good zoning practice of the request** (attach additional pages if necessary).

Need and justification for the change in zoning classification
See attached submittal package.

Identify any anticipated effect of the proposed change on public services and facilities
See attached submittal package.

Justify appropriateness of the property for the proposed changed, as it relates to the intent of the zoning district requested and applicable use and design standards for all proposed uses
See attached submittal package.

Relationship of the proposed change to the Comprehensive Plan (Include FLU designation)
See attached submittal package.

Way in which the proposed change will further the purposes of the Zoning Ordinance and general welfare of the community
See attached submittal package.

PROFFERED CONDITIONS

Potential proffers can be discussed as part of the presubmittal meeting, and should also be a part of the discussions with staff early in the review process.

PROFFERED CONDITIONS, IF ANY, MUST:

- 1) Be prepared by an attorney and be completed and accepted by the Town prior to the advertising for the Planning Commission Public Hearing;
- 2) Have a reasonable relationship to the rezoning;
- 3) Not include a cash contribution to the Town;
- 4) Not include mandatory dedication of property; and
- 5) Not include payment for construction of off-site improvements. The rezoning must give rise to the need for the conditions and the conditions must be related to the physical development or physical operation of the property and be in conformity with the Comprehensive Plan

Attach proffer statement with application.

OWNER CONSENT STATEMENT

I/We the owner(s)/applicant/contract purchaser(s) of the property described on this application do hereby apply for a change of zoning district classification described on this application.

I/We state that no application for a change in zoning district classification, substantially the same as this request, has been considered by the Town Council for the above-referenced property, or any part thereof, within one year prior to the date of this application.

Reston, VA 20190

TOWN OF BLACKSBURG
CHANGE OF ZONING CLASSIFICATION APPLICATION (REZONE)

DESCRIPTION OF REZONING REQUEST

Section 15.2-2286(A)(7) of the State Code of Virginia states that, "Whenever the public necessity, convenience, general welfare, or good zoning practice requires, the governing body may, by ordinance, amend, supplement, or change the regulations, district boundaries, or classifications of property. **It is the applicant's responsibility to provide a narrative outlining the following information in order to assess the public necessity, convenience, general welfare, or good zoning practice of the request (attach additional pages if necessary).**

Need and justification for the change in zoning classification

Approval of the Plan for a Stonegate North Multi-Family Development is being requested and will be in the public interest and is justified for the following reasons outlined below:

1. A Planned Residential Development (PRD) designation is being sought to provide the Town of Blacksburg with an enforceable device for the implementation of the proposed development plan, proffers, and guidelines;
2. Stonegate North Multi-Family Development is located within a designated High-Density Residential area as identified on the Future Land Use Map of the Comprehensive Plan.
3. The Plan provides an innovative alternative to traditional homogeneous multi-family housing.
4. Stonegate North Multi-Family Development will feature a mixture of housing types and will have the very latest in modern features and amenities.
5. Stonegate North Multi-Family Development will increase the tax base for the Town of Blacksburg;
6. Stonegate North Multi-Family Development will appeal to all citizens due to its proximity to amenities and public features.
7. The townhome units are street oriented and have direct access to sidewalks which is encouraged in the Town;
8. Open floor plans of Stonegate North Multi-Family Development units create a "warm" inviting living environment;
9. The architectural design offers privacy and personal space while enhancing the character of the area with high-quality design and attention to detail;
10. The project will have professional property management to provide community maintenance and resident assistance;
11. The property will feature multiple bicycle racks including some covered spaces, encouraging residents to use bikes to commute around Town;

Identify any anticipated effect of the proposed change on public services and facilities

1. It is anticipated that a large number of residents will utilize Blacksburg Transit and board from existing stops located on Broce Drive due to the close proximity of the site to those existing stops.
2. A previously submitted site development plan and review by the Town of Blacksburg revealed no issues serving the subject property with public water or sewer service. It is proposed that conventional sanitary sewer gravity lines will connect to the adjacent public main. The existing Town of Blacksburg sanitary sewer main crosses the subject property but is not contained within a public utility easement. Relocation of the existing sanitary sewer main will also include dedication of a new Public Sanitary Sewer Easement over the new line. The lines will be constructed in accordance with all local and state requirements to serve the project and will be dedicated as necessary to the Town of Blacksburg for ownership and maintenance. Domestic Water Service for the project will be via the existing Town of Blacksburg Water Main in Broce Drive.
3. A Storm Water Management Concept Plan has been submitted to the Town of Blacksburg as a part of this PRD Application for review and approval.

Justify appropriateness of the property for the proposed changes, as it relates to the intent of the zoning district requested and applicable use and design standards for all proposed uses

This Section should be referenced directly to 'Section 3110 – Purpose' of the Town of Blacksburg Zoning Ordinance.

- **Building Orientation:** The townhomes have been oriented toward the street, addressing Broce Drive with an attractive building front that includes front doors, street trees, and sidewalks. These architectural features will further enhance the streetscape.
- **Setback:** The townhomes have been positioned to be in harmony with the existing houses along Broce Drive in this area. This project provides an attractive development. The adjacent Stonegate Apartments front the public street. The townhomes just east of the project have parking in front of the building. The house directly across Broce Drive has it's side facing the project as well as a mechanical unit.

- **Building Frontage/Entries:** Landscaping in front of buildings and entry features, such as porches or steps, create visual interest and give the development an identifiable character. The projects open space in front of the proposed apartment building will complement the larger green spaces in front of the existing Stonegate Apartments. Street trees will be installed along Broce Drive and there will be adequate green space between the sidewalk and the units for additional greenspace and landscaping.
- **Off-street Parking:** Parking for the project downplays the visual impact and creates pedestrian-friendly streetscape with a single curb cut and all parking being constructed behind the front building line.
- **Screening/Landscaping:** The new parking areas for this development are hidden mostly from public view by the positioning of the buildings and the use of proposed trees

- Open Space: The development provides a centrally located open space. Located within the open space are areas designated for passive recreation. This sites size of less than 2 acres qualifies for an elimination of the open space requirement; however, the developer wants to provide quality passive open space for residents in this high density residential area including the preservation of a lot of the existing mature vegetation.
- Walkways/connectivity: The existing sidewalk along Broce Drive shall remain. Additionally, an easement shall be reserved for a future Town Greenway connecting Broce Drive and Hunt Club Road.
- The property is located within an existing developed corridor that contains all the needed services that a Planned Residential Development will utilize including:
 - b. Public Water
 - c. Public Sewer
 - d. Transportation Network
 - e. Transit Service
 - f. Electric Service
 - g. Gas Service
 - h. Telecommunications Service

Relationship of the proposed change to the Comprehensive Plan (Include FLU designation)

1. See the Section entitled Comprehensive Plan Analysis.

Way in which the proposed change will further the purposes of the Zoning Ordinance and general welfare of the Community

This Section should be referenced directly to 'Section 1102 – Purpose' of the Town of Blacksburg Zoning Ordinance.

1. The General purpose of the Town of Blacksburg's Zoning Ordinance is to promote the health, safety, and general welfare of the public. Stonegate North Multi-Family Development will provide housing for different users within the Town of Blacksburg. The location being adjacent to existing services and transportation network and amenities, will be a welcome infill project to the neighborhood. This project will not only serve to promote the general welfare of its residents, but the community as a whole.
2. Stonegate North Multi-Family Development will be constructed as a development evoking a sense of community within the development and existing neighborhood through the addition to the existing Stonegate family of multi-family housing units.
3. The net density of approximately 56.1 bedrooms per acre (78/1.39) is well below recently approved and constructed infill projects.
4. The investment will add to the Town of Blacksburg's tax base.

Planned Residential District Rezoning for
Stonegate North Multi-Family Development

PROFFER STATEMENT

**Proffer Statement for the Application
To Rezone Tax Parcels 226-(1)-AA, 226-(1)-BK 4-7A, and 226-(1)-A from RM-48 (Medium Density
Multiunit Residential) to PRD (Planned Residential)
December 2, 2019**

Pursuant to Section 15.2-2298 of the Code of Virginia (1950) as amended, and Section 1160 of the Town of Blacksburg Zoning Ordinance, Town Code Appendix A, the undersigned owner (BSD Broce Partners, LLC) seeks to amend the zoning of Tax Parcels 226-(1)-AA, 226-(1)-BK 4-7A, and 226-(1)-A (the "Property") from the existing zoning of RM-48 (Medium Density Multiunit Residential) to PRD (Planned Residential) zoning classification, subject to the following proffered conditions:

1. The Property shall be developed in general conformance with the submitted rezoning package entitled "Planned Residential District Rezoning for Stonegate North Multi-Family Development" rezoning package dated December 2, 2019, prepared by Gay and Neel, Inc. This includes the site development plan and architectural schematics.
2. The proposed Planned Residential District shall have a maximum occupancy requirement for the apartment units. The maximum dwelling unit occupancy shall be a family plus two (2) unrelated persons. Specific occupancy requirements for unrelated persons shall be no more than one (1) unrelated person per bedroom.
3. Signage will comply with the existing Town of Blacksburg signage regulations for residential zoning districts as defined in Section 5532 of the Town of Blacksburg Zoning Ordinance.

VDOT TRAFFIC IMPACT ANALYSIS (TIA) SUPPLEMENTAL APPLICATION

This application, appropriate fee, and accompanying documentation must be submitted in conjunction with the corresponding rezoning, conditional use permit, or comprehensive plan amendment before any application can be reviewed by staff. If you have any questions, please contact the Planning and Building Department.

Name of Development: Stonegate North

Address/Location: 300-500 Broce Drive

Tax Map Parcel: 226-(1)-AA, 226-(1)-BK 4-7A, 226-(1)-A

Size of Site: 1.39 acres

Proposed Use: Residential

Current Zoning District: RM-48

Existing Future Land Use Classification: High Density Residential

This application is submitted in conjunction with a

☒ Rezoning Application. Proposed Zoning District: Planned Residential District

☐ Conditional Use Permit Application. Proposed Conditional Use: _____

☐ Comprehensive Plan Amendment. Proposed Future Land Use: _____

This is the ☒ first, ☐ second, ☐ third or subsequent submission of the TIA for review by VDOT.

A traffic impact analysis ☐ is ☒ is not required for the proposed project:

1. ☐ Yes or ☒ No, the site is located 3015 feet along the vehicle path of traffic which is less than 3,000 feet from VDOT maintained roadways, or is within 3,000 feet of a non-limited access state controlled highway, or is within 3,000 feet of a connection to a state limited access highway.
2. **If the answer to question #1 is Yes, complete the following:**
 - a. ☐ Yes or ☐ No, the proposed development generates _____ vpd which is greater than the VDOT requirement of 5,000 vehicles per day.
3. ☐ Yes or ☒ No, the proposed comprehensive plan amendment results in substantial impact of 5,000 additional vehicle trips per day or results in substantial changes to the existing transportation network and infrastructure of state controlled highways.
4. ☒ No, a new TIA study is not required because a previously submitted TIA is still applicable for the project site. (Note: the appropriate documentation must be attached to this application)
5. ☐ Yes or ☒ No, a VDOT Scope of work meeting has been held.

If a TIA is required, please provide the following information:

Name of Property Owner(s): _____

Address: _____

Email address: _____

Planned Residential District Rezoning for Stonegate North Multi-Family Development

PLANNED RESIDENTIAL DISTRICT

1. **Purpose**

The purpose of this district is to provide for the development of planned residential communities that incorporate a variety of housing options as well as certain limited commercial and office uses designed to serve the inhabitants of the district. This district is intended to allow greater flexibility than is generally possible under conventional zoning district regulations by encouraging ingenuity, imagination and high-quality design to create a superior living environment for the residents of the planned community. The PRD is particularly appropriate for parcels which contain a number of constraints to conventional development. In addition to an improved quality of design, the PRD creates an opportunity to reflect changes in the technology of land development, provide opportunities for new approaches to home ownership and occupancy, and provide for an efficient use of land which can result in reduced development costs.

2. **Use-Type Definitions**

MULTI-FAMILY DWELLING – A building or portion thereof which contains three (3) or more dwelling units for permanent occupancy, regardless of the method of ownership. Included in the use type would be garden apartments, low and high-rise apartments, apartments for the elderly and condominiums.

TOWNHOUSE – A grouping of three (3) or more attached single-family dwellings in a row in which each unit has its own front and rear access to the outside, no unit is located over another unit, and each unit is separated from any other unit by one (1) or more common walls.

3. **Permitted Uses**

The following uses are permitted in the Planned Residential district and are hereby approved for inclusion in the Development Plan for the proposed Stonegate North Multi-Family Development.

Residential

Multi-Family Dwelling

Townhouse

Civic

Community Recreation, Active and Passive

Miscellaneous

Associated trash and recycling facilities

4. Site Development Regulations

The Stonegate North Multi-Family Development shall be subject to the following site development standards:

- Minimum district size: 1.39 acres, or final development area based on survey.
- Open space criteria.
 - ◆ A minimum of twenty (20) percent of the total district area shall be designated as open space.
- Minimum setback requirements:
 - ◆ Front = Twenty (20) feet
 - ◆ Side = Ten (10) feet
 - ◆ Rear = Twenty (20) feet
- Floor Area Ratio: A maximum floor area ratio of 0.55 will be used for the development. Final FAR shall be in general conformance with concept plan and architectural drawings, or reduced pending final engineering.
- Lot Coverage: The maximum lot coverage for the development will be as shown on the concept plan.
- Minimum separation between buildings shall be 25'.
- Parking:
 - ◆ Vehicular Parking - A minimum of 0.80 parking spaces per bedroom for the project shall be provided.
 - ◆ Bicycle Parking - A minimum of 0.35 spaces per bedroom within the PRD district will be required. A minimum of 50% of the bike spaces shall be covered.
- Height: The maximum building height for structures within the project shall be as follows:
 - Multi-Family Dwellings: 55 feet
 - Townhomes: 32 feetBuilding height shall be defined as the distance from the threshold of the front door of the structure to the highest point of the structure.
- All new utility lines, electric, telephone, cable television lines, etc., and shall be placed underground.

5. Occupancy

For unrelated persons, occupancy of the units within this development shall be restricted to one person per bedroom. This shall not apply to the occupancy of any unit by a family, as defined in the Zoning Ordinance.

6. Public Service and Utilities

Public Water

All improvements will be designed in accordance with the Town's Water System Specifications. Designs will be submitted to and approved by the Town Staff prior to any installations. The proposal is for a development with a maximum of 78 bedrooms. With the existing public water main in the vicinity, water pressure and flow is expected to be adequate.

Sanitary Sewer

Public Sanitary Sewer Service will serve the development. All improvements will be designed in accordance with the Town of Blacksburg's "Wastewater Specifications" or as approved by Town Engineering Staff. Designs will be submitted to and approved by the Town staff prior to any installations. The proposal is for a development with a maximum of 78 bedrooms.

Project Location: This project is located directly adjacent to existing Town of Blacksburg conventional sewer lines and currently an existing Town of Blacksburg Sewer Main crosses the property.

Domestic Water and Sewer Demands

The projected usage for the development has been provided to the Town of Blacksburg staff for evaluation of capacity and has been conceptually approved.

Multi-Family and Townhomes: Maximum of 78 bedrooms
75 gal/day per person = 5,850 gpd

TOTAL ESTIMATED WATER/SEWER USAGE BY PROPOSED DEVELOPMENT = 5,850 gpd

Applicant will construct or cause to be constructed at no expense to the Town all water/sewer mains and appurtenances on the Property and will connect the water/sewer mains to publicly owned water/sewer mains. All water mains and sewer mains will be constructed to the standards of the Town and/or the building code, will comply with the regulations and standards of the Town and will comply with the regulations and standards of all other applicable regulatory authorities. All water mains and appurtenances and sewer mains will be dedicated to public use unless otherwise directed by the Town of Blacksburg.

Stormwater Management

A stormwater management concept plan has been prepared and submitted to the Town. The project shall incorporate underground storage to address stormwater requirements. The Primary methodology for quantity and quality shall be met through the use of an underground ADS Stormtech system. A final design, to be submitted with future construction plans, will more precisely define the methodology, however this preliminary design is intended to show the feasibility of the project to meet DEQ and Town of Blacksburg requirements for both stormwater quantity and quality. The final design is subject to change, pending final engineering. The

developer shall reserve the right to purchase nutrient credits to meet any BMP requirements that are not met through onsite underground storage.

Solid Waste Collection/Recycling

A private company will provide collection for the development. A single dumpster with accompanying recycling container shall be located conveniently within the property, and generally out of view from the road. Dumpsters and recycling containers shall be screened in accordance with existing zoning requirements.

Electric, Telephone, Cable Television

Utility services such as electric, telephone, and cable television, will be kept underground. Every effort will be made so appurtenances such as transformers, junction boxes, and pedestals are minimally visible.

7. Transportation Circulation

Vehicular Circulation

See submitted trip generation data and turn lane warrant analyses.

8. Alternative Transportation Planning

The proposed development will provide multiple options for the resident who desires to utilize non-vehicular modes of transportation. Stonegate North Multi-Family Development is located in close proximity to existing BT transit stops. Both Uber and Lyft are also well established in this area and would be a reliable form of local transportation. Travel by bicycle is also well suited for this area.

9. Maintenance

The development will be managed by a professional management company to handle unit and ground maintenance. All common space elements including the structures and exterior elements such sidewalks and parking lots will be under the developer's ownership and will be maintained at no cost to the general taxpayer or the Town.

10. Signs

Signage for the project will be in accordance with the existing Town of Blacksburg signage regulations for residential zoning districts. Square footage and height requirements will be in accordance with the signage requirements as specified in Section 5532 of the Town of Blacksburg Zoning Ordinance.

11. Legal Description

See the survey document dated December 27, 2018 in the Appendices.

Planned Residential District Rezoning for Stonegate North Multi-Family Development

COMPREHENSIVE PLAN ANALYSIS

I. Introduction

Any development within the Town of Blacksburg is viewed by the Town Council, Planning Commission, Town Staff, and Citizens through the prism of the comprehensive plan. The following narrative and analysis will address points within the comprehensive plan and discuss how the proposed development aligns with the vision, goals, and objectives of the comprehensive plan. Please note that below are excerpts from the adopted 2016 Comprehensive Plan and one should refer to the Plan for the full text.

The subject property is identified in the Comprehensive Plan as having a future land use of High-Density Residential, located immediately adjacent to other High-Density Residential, Medium Density Residential, and Low-Density Residential. This project will sit in the shadow of the recently approved redevelopment of Terrace View apartments. The text below is from the Comprehensive Plan, with the bold text demonstrating how the proposal meets the guidelines.

II. Policy Chapters

A Sustainable Community

S.7 Support dark sky regulations and programming.

- Establish a policy to require downward directed lighting on all new outdoor lighting fixtures to limit upward glare

Discussion – This project will fully meet or exceed the Town’s limitations on lighting and supports the Dark Sky concept minimizing light pollution.

Environment

EN.27. Implement the BMPs required in the MS4 Program Plan.

Discussion – This project will utilize the latest BMP technology to meet or exceed the Town’s SWM requirements.

EN. 26. Open space is the preferred land use in fragile terrain. As part of the development review process, the Town will:

- Prohibit development in wetlands
- Restrict development in riparian buffer zones
- Restrict development in Creek Valley Overlay

Discussion – This project proposes no development or impacts to wetlands, riparian buffer zones, and does not lie within the Creek Valley Overlay

Jobs & Housing

J&H.1. Recognize and grow economic development as part of a Sustainable Community

Discussion – This development will add to the residential housing need in Blacksburg which in turn provides customers for businesses throughout town.

J&H.48. Plan for the housing demands of a changing and diversifying population.

Discussion – The development would provide new rental opportunities for a diverse demographic. The mix of housing types provided in the development will give residents a choice in an ideal location for students and young professionals as well as graduate students.

Transportation Objectives and Policies

T.1. Implement the Paths to the Future Map to create a cost-efficient infrastructure of multipurpose trails that connects to residential areas, parks, schools, businesses, and other community amenities.

Discussion – While the Paths to the Future Map does not show a neighborhood level connection on this property, the Town of Blacksburg Staff has requested the opportunity in the future for the development of a trail between Broce Drive and Hunt Club Drive. To that end, this project will dedicate a 20' pedestrian access easement to the Town for the future construction of a trail.

T.6. The Zoning and Subdivision Ordinance shall establish the design standards for trails sidewalks and bicycle lanes.

Discussion – The project is fortunate to have existing public sidewalk all along its frontage along with close proximity to the bike lanes on Tom's Creek Road providing quick access to the Virginia Tech Campus. This is an ideal transportation situation.

T.10. Complete the construction of a connected sidewalk system:

- Minimize curb cuts

Discussion – The development of the project will provide a connected sidewalk system within the project connecting all units with all amenities and to the public sidewalk along Broce Drive, which will allow interconnection reaching to Tom's Creek Road.

T.11. Minimize pedestrian and vehicular conflicts by:

- Maintaining sidewalks and streets
- Ensuring appropriate signage, lighting, markings, and other physical improvements are made.

Discussion – The development of the project will include necessary signage and VDOT standard entrance designs that will minimize conflicts. All public sidewalks will be maintained by the Town of Blacksburg and all private sidewalks will be maintained by the Owner. Additionally, the bike racks, open space, and dumpster/recycling are accessed from the units via sidewalk with a maximum of one access drive crossing with a majority of the units not having to cross any vehicular paths.

T.12. Maintain and improve the aesthetic quality of the pedestrian environment by planting street trees and other landscaping and installing street furniture where appropriate.

Discussion – The development will incorporate street trees per town requirements. This addition will enhance the aesthetic quality of the development for the pedestrians on the existing public sidewalk along Broce Drive.

T.49. The development review process ensures:

- Surface parking facilities are landscaped and appropriately lit
- New parking lots minimize impacts on stormwater

Discussion – The development will be landscaped in accordance with the proffered Concept Plan. Lighting will be provided to provide the necessary foot-candles and uniformity while conforming to the Town’s dark sky initiative.

Community Character Principles

CCP 2. Lifestyle conflicts are inherent in a college town, where neighborhoods may have a mix of students and non-students.

Discussion - The development will provide opportunities to all residents of Blacksburg. The location and design of the project will attract both students and non-students. The adjacent Original Stonegate development has a mix of both students and non-students living cooperatively. Based on the existing neighborhood and adjacent properties, limited conflicts are projected and anticipated with the adjacent neighborhoods that also have a similar mix of students and non-students.

CCP 16. Responsible site design and development practices will minimize environmental impacts within the Town. Any residential, commercial, industrial, or agricultural development or redevelopment should meet and exceed federal, state, or local

regulations to minimize impacts of soil erosion, stormwater run-off, and non-point source pollution.

Discussion – The final stormwater management plan shall adhere to all local and state regulations and will protect downstream tributaries. This development will meet today’s standards that require both SWM from a quantity and quality standpoint unlike developments of the past.

CCP 17. The preservation of open spaces is an important part of community identity.

Discussion – The development’s proposed passive recreational open space will contribute to the community’s identity and visual appeal.

CCP 18. Minimize light pollution, balancing dark skies with a safe pedestrian and vehicular experience at night. The design and placement of new lighting for buildings, parking areas, or streets should have minimum impact of light spillover and glare on surrounding uses with special attention given to lighting when transitioning from higher intensity to lower intensity uses. Lighting should be the minimum necessary to have a safe environment.

Discussion -- The dwelling units will have entry lights on the Broce Drive frontage, and along the front face of the buildings. In addition, parking lot lighting will be located within and around the parking lot. The lighting will be full cutoff and will strive to have superior uniformity.

CCP 19. For safety, appearance, and maintenance reasons, new developments are required to place utilities underground. Where feasible and financially possible through developer contribution, Town subsidization, or other financial sources, existing above-ground utilities should be relocated underground.

Discussion -- All proposed utilities will be located underground and any necessary utilities to be relocated, will be relocated underground, where feasible.

Land Use Objectives and Policies

LU.1. Clearly articulate and communicate the Town’s Future Land Use goals, development standards and requirements to the development community and the general public.

Discussion – The site sits within a future designated High-Density Residential land use area while being directly adjacent to a recently approved PRD for Terrace View Apartments. This project is located within the ‘Multi-Unity Residential Neighborhoods’ Neighborhood as designated on Map C of the Town of Blacksburg’s Land Use Map Series.

LU.6. Consider the compatibility of development with surrounding uses. Utilize strategies such as landscaping or other buffering techniques along with modification of site design to minimize impacts and facilitate compatibility.

Discussion – This project fits in well with the transition from High Density Residential to the Low Density Residential across Broce Drive. The overall site design and architecture of the development will improve the streetscape and be pleasing to the neighborhood.

LU.19. Regulate the amount of noise and/or light produced by land uses to minimize impacts on nearby properties.

Discussion—The location of this project is surrounded by other residential homes and rental units. No adverse noise or light impacts should be experienced by neighbors beyond normal residential use. Parking lot lighting may be necessary adjacent to the dumpster area. These lights will be full cutoff type fixtures and will minimize light pollution.

LU.20. Protect the integrity and quality of water resources in the Town.

Discussion – All federal, state and local stormwater quality and quantity requirements will be strictly adhered to for the development.

Planned Residential District Rezoning for Stonegate North Multi-Family Development

CONCLUSION

Stonegate North Multi-Family Development is a development that will provide desired and needed infill within the Town, while being in close proximity to Virginia Tech. The option provided is fitted with a maximum of 78 bedrooms. The project incorporates design features that provide a pleasing streetscape that is inviting and provides on-site sidewalk for the front doors of the townhomes to access the public sidewalk. Stonegate North Multi-Family Development will be an asset to the community within the Town of Blacksburg. Blacksburg is in need of additional multi-family housing with the increasing size of the University, increasing undergraduate student population, and job opportunities within the Town, and this project is poised to integrate these new residents of Blacksburg into the community with multiple housing options to choose from.

APPENDIX H – EXISTING SURVEY

NOTES:

1. THIS SURVEY WAS PREPARED FOR: WILLOW CREEK PARTNERS

2. CURRENT OWNERS & LEGAL REFERENCES:
TAX PARCEL NO: 226-(1)-A; P.I.D. #016292
BSD BROCE PARTNERS, LLC, INST. NO. 2018006469 (PARCEL B); P.B. 3 PG. 160-161.

TAX PARCEL NO: 226-(1)-AA; P.I.D. #026981
BSD BROCE PARTNERS, LLC, INST. NO. 2018006469 (PARCEL A)

TAX PARCEL NO: 226-(1)-BLK 4-7A; P.I.D. #026988
STONEGATE APTS, LLC, INST. NO. 2018006470 (PARCEL B)

SITE ADDRESS: #___ BROCE DRIVE, BLACKSBURG, VA. 24073
MAILING ADDRESS: #2010 CORPORATE RIDGE, SUITE 7029, McLEAN, VA. 22102

3. THIS SURVEY WAS PREPARED WITHOUT THE BENEFIT OF A TITLE REPORT AND THEREFORE MAY NOT INDICATE ALL ENCUMBRANCES AND EASEMENTS THAT MAY AFFECT THE SUBJECT PROPERTY.

4. THE TOPOGRAPHY, AS DEPICTED HEREON, IS THE RESULT OF AN ACTUAL FIELD SURVEY CONDUCTED BY GAY AND NEEL, INC. DURING DECEMBER 2018.

5. THIS TOPOGRAPHIC SURVEY WAS COMPLETED UNDER THE DIRECT AND RESPONSIBLE CHARGE OF RALPH O. CLEMENTS, L.S. LIC. #1864, FROM AN ACTUAL GROUND SURVEY MADE UNDER MY SUPERVISION AND THAT THIS PLAT, MAP OR DIGITAL GEOSPATIAL DATA USING METADATA MEETS MINIMUM ACCURACY STANDARDS UNLESS OTHERWISE NOTED.

6. ELEVATIONS AS SHOWN HEREON, ARE BASED ON NAVD 88 VERTICAL DATUM. HORIZONTAL DATUM, AS SHOWN HEREON, IS BASED ON GRID NORTH, VIRGINIA STATE PLANE COORDINATE SYSTEM, SOUTH ZONE, NAD83(NA2011), EPOCH 2010.00. HORIZONTAL AND VERTICAL UNITS OF MEASUREMENT UTILIZED IS U.S. SURVEY FOOT.

7. CONTOUR INTERVAL=2 FT.

8. PROPERTY LINES, AS SHOWN HEREON, ARE BASED ON AN ACTUAL FIELD SURVEY, USING MONUMENTS FOUND TO EXIST AND THEREFORE MAY NOT CONFORM TO PREVIOUS DEEDS OR PLATS OF RECORD.

9. THE SUBJECT PROPERTY DOES NOT LIE WITHIN A F.E.M.A. DESIGNATED 100-YEAR FLOOD HAZARD ZONE. THE SUBJECT PROPERTY LIES IN "ZONE X" - OTHER AREAS", AS DEFINED BY F.E.M.A. & AS SHOWN ON F.I.R.M. MAP NO. 5112100310, EFFECTIVE DATE OF 09/25/09. THIS DETERMINATION HAS BEEN MADE BY GRAPHIC METHODS ONLY. NO ELEVATION STUDY HAS BEEN PERFORMED AS A PART OF THIS PROJECT.

10. NOTES REGARDING UTILITIES:
GAY AND NEEL, INC. AND THE LAND SURVEYOR WHOSE NAME AND SEAL IS AFFIXED HERETO, ASSUMES NO LIABILITY FOR THE LOCATION, INCLUSION, OMISSION, EXISTENCE, OPERATIONS OF, INTERRUPTIONS OF OPERATIONS OR REPAIRS TO ANY UTILITY STRUCTURE OR FACILITY, ABOVE, OR BELOW GROUND, EITHER SHOWN OR NOT SHOWN ON THESE DRAWINGS. GAY AND NEEL, INC. CONTACTED VA811'S "POSITIVE RESPONSE SYSTEM" ON 12/17/18, WAS ISSUED ONE TICKET, AND WERE GIVEN THE FOLLOWING RESULTS OF THE UTILITY MARKINGS:
TICKET #B835100712-008
APPALACHIAN POWER (AEP111) - MARKED.
ACCESS MEDIA 3 (AME111) - NO CONFLICT, UTILITY IS OUTSIDE OF STATED WORK AREA.
BLACKSBURG WATER & SEWER (BKB173) - MARKED.
COMCAST (CMC503) - NO CONFLICT, UTILITY IS OUTSIDE OF STATED WORK AREA.
CENTURYLINK-LEVEL 3-QWEST (LTC903) - MARKED.
ATMOS ENERGY (UCB437) - NO CONFLICT, UTILITY IS OUTSIDE OF STATED WORK AREA.
VIRGINIA TECH ELECTRIC (VAT237) - NO CONFLICT, UTILITY IS OUTSIDE OF STATED WORK AREA.
VERIZON (VZN804) - NO CONFLICT, UTILITY IS OUTSIDE OF STATED WORK AREA.
NOTE: THOUGH SEVERAL RESPONSES INDICATED UTILITY LINES WERE "MARKED", CENTURYLINK-LEVEL 3 QWEST WAS THE ONLY LINE MARKED PER THIS TICKET REQUEST AND IS DEPICTED HEREON AS THE 2.5" WIDE ORANGE PAINT MARKS RUNNING ALONG THE EDGE OF BROCE DRIVE. ALL OTHER PAINT MARKS LOCATED AND SHOWN HEREON ARE FROM PRIOR VA811 TICKETS BY OTHERS.
LOCATIONS OF UNDERGROUND UTILITIES AS SHOWN HEREON ARE APPROXIMATE, BASED ON AVAILABLE SURFACE STRUCTURES, SUCH AS VALVES, MANHOLES, ETC. AND RECORD INFORMATION. VISIBLE UTILITY STRUCTURES WERE LOCATED IN ACCORDANCE WITH C/ASCE 38-02 (CONSTRUCTION INSTITUTE OF THE AMERICAN SOCIETY OF CIVIL ENGINEERS) QUALITY LEVEL 'C', WHICH IS DEFINED IN C/ASCE 38-02 AS FOLLOWS:

UTILITY QUALITY LEVEL 'C': INFORMATION OBTAINED BY SURVEYING AND PLOTTING VISIBLE ABOVE-GROUND UTILITY FEATURES AND BY USING PROFESSIONAL JUDGMENT IN CORRELATING THIS INFORMATION TO QUALITY LEVEL 'D' INFORMATION.

ADDITIONAL UNDERGROUND UTILITY FEATURES DEPICTED HEREON MAY BE BASED ON SURFACE EVIDENCE AND/OR C/ASCE STD. 38-02 QUALITY LEVEL 'D', DEFINED THEREIN AS FOLLOWS:

UTILITY QUALITY LEVEL 'D': INFORMATION DERIVED FROM EXISTING RECORDS OR ORAL RECOLLECTIONS.

SURFACE MARKINGS PROVIDED BY MISS UTILITY RESPONDERS MAY NOT CORRELATE TO C/ASCE STD. 38-02 DEFINITIONS AND QUALITY LEVEL INDICATORS FOR THOSE MARKS ARE NOT SHOWN HEREON.

48 HOURS PRIOR TO ANY EXCAVATION BEING CONDUCTED AS A PART OF THIS PROJECT, "VA811" MUST BE NOTIFIED BY PHONE AT 1-800-552-7001, OR BY DIALING 811 IN VIRGINIA.

INVERT ELEVATIONS, AS SHOWN HEREON, ARE LISTED IN A CLOCKWISE DIRECTION FROM THE OUTLET PIPE.

11. PIPE SIZES ARE BASED ON AVAILABLE UTILITY MAPPING BY OTHERS, OBSERVATIONS MADE FROM GROUND SURFACE, ARE NOT BASED ON DIRECT DIAMETER MEASUREMENTS, AND ARE APPROXIMATE.

PROJECT TURN LANE WARRANT FOR STONEGATE NORTH ON BROCE DRIVE

THERE IS NO TRAFFIC DATA FOR BROCE DRIVE - PROGRESS STREET
DATA HAS BEEN UTILIZED AS IT IS THE CLOSEST TO THE SITE

AADT: 3,400 (NOT PROVIDED - BASED ON PROGRESS ST. DATA)

DIR FACTOR: 0.5 (NOT PROVIDED - ASSUMED 50/50 SPLIT)

K FACTOR: 0.094 (NOT PROVIDED - BASED ON PROGRESS ST. DATA)

VPH OPPOSING VOLUME: $3400 \times (1-0.5) \times 0.094 = \underline{160^*}$

VPH ADVANCING VOLUME: $3400 \times 0.5 \times 0.094 = \underline{160^*}$

OFF-CAMPUS STUDENT APT: (64 DWELLINGS)(0.25 TRIPS/DWELLING)(0.50
ENTERS)

PEAK = 8 TRIPS

(WEEKDAY)

MULTIFAMILY HOUSING (LOW-RISE) PEAK ENTERS: (14 DWELLINGS)(0.70
TRIPS/DWELLING)(0.50)

PEAK = 5 TRIPS

(WEEKDAY)

SINCE THE PEAK TRIPS GENERATED BY THE OFF-CAMPUS STUDENT
APARTMENT CLASSIFICATION IS LARGER THAN A MULTIFAMILY HOUSING
(LOW-RISE) CLASSIFICATION, THE OFF-CAMPUS STUDENT APARTMENT
GENERATION HAS BEEN USED FOR THE TURN LANE WARRANT
CALCULATIONS

TOTAL PEAK ENTERS: 8 TRIPS

LEFT TURN ENTERS (50%): 4 TRIPS

RIGHT TURN ENTERS (50%): 4 TRIPS

*SINCE VDOT DOES NOT HAVE ANY DATA FOR BROCE DRIVE, THE DATA
FOR PROGRESS STREET WAS UTILIZED AS IT IS THE CLOSEST ROAD TO
THE SITE. HOWEVER, IT CAN BE ASSUMED THAT THIS DATA AND
SUBSEQUENT ANALYSIS IS EXTREMELY CONSERVATIVE AS BROCE DRIVE
(A LOCAL ROAD) WILL NOT HAVE NEARLY THE SAME AMOUNT OF TRAFFIC
AS PROGRESS STREET (A MINOR COLLECTOR).

SECTION 3 – TURNING LANES

Turn Lane Criteria for Single and Dual Lanes

Right and left-turn lanes shall* be provided for traffic in both directions in the design of intersections and left turn lanes for median crossovers and in one direction for directional median openings (see Figure 3-25 illustration) on non-access controlled four-lane or greater divided highways using the criteria as shown in Figure 3-1 and adjusted upward as determined by Figure 3-3 or by capacity analysis for left-turn storage.

Left-turn lanes shall also be established on two-lane and four lane highways where needed for storage of left-turn vehicles and/or prevention of thru-traffic delay using the criteria shown in Figure 3-1. See Table 3-1 and Figures 3-5 through 3-22 for warrants for left-turn storage lanes on two-lane highways and Figure 3-3 for four-lane highways.

Intersections with low right turn volumes shall be evaluated in accordance with Figures 3-26 and 3-27.

<u>LENGTH OF STORAGE (*)</u>		<u>TAPER - Rural (*)</u>	
Rural - For Design Speeds 50 MPH or Higher	*L - 200' min. (For 240 or fewer vehicles during peak hour, <u>making turn</u>)	- For Design Speeds 35 MPH or Higher	**T - 200' Min.
Rural - For Design Speeds 45 MPH or Less	*L - 100' min. (For 60 or fewer vehicles during peak hour, <u>making turn</u>)	- For Design Speeds 30 MPH or Less	**T - 100' Min. (single) **T - 200' Min. (dual)
*Distance L to be adjusted upward as determined by capacity analysis for Left and Right Turn Storage.		**Tapers are to be straight-line unless local policy requires reverse curves. In congested areas the taper length may be reduced to increase storage length. However, a design waiver shall be required.	
<u>LENGTH OF STORAGE</u>		<u>TAPER - Urban</u>	
Urban - Length determined by capacity analysis for Left and Right Turn Storage (100' Minimum)		- For Design Speeds 50 MPH or Higher	**T - 200' Min.
		- For Design Speeds 45 MPH or Less	**T - 100' Min. (single) **T - 150' Min. (dual)

(*) For instructions on selection of design speed, see [Appendix A, Section A-1](#)

Planned Residential District Rezoning for Stonegate North Multi-Family Development

APPENDIX M – LEGAL DESCRIPTION OF PROPERTY

All of that certain tract or parcel of land, lying and being in the Town of Blacksburg, Prices Fork Magisterial District, Montgomery County, Virginia, being more particularly bounded and described as follows:

BEGINNING at a road situated on the north right-of-way line of Broce Drive N.W. approximately 185 feet west of the intersection of Broce Drive N.W. and Scott Alan Circle, a corner to lands now of the Georgetown Square Homeowners Association.

THENCE, leaving Georgetown Square Homeowners Association and running with Broce Drive N.W., South $84^{\circ} 24' 27''$ West 180.09 feet to a drill hole in a concrete sidewalk;

THENCE, continuing with Broce Drive N.W., on a curve to the left, said curve having a radius of 525.00 feet, a delta angle of $03^{\circ} 28' 40''$, an arc length of 31.87 feet, a chord bearing of South $83^{\circ} 34' 44''$ West and a chord length of 31.86 feet to a drill hole found in a concrete sidewalk, a common corner to Tax Parcel 226-(1)-A and Tax Parcel 226-(1)-AA;

THENCE, leaving Tax Parcel 226-(1)-A continuing with Broce Drive N.W. and Tax Parcel 226-(1)-AA, on a curve to the left, said curve having a radius of 525.00 feet, a delta angle of $05^{\circ} 04' 26''$, an arc length of 46.49 feet, a chord bearing of South $78^{\circ} 18' 11''$ West and a chord length of 46.48 feet to a masonry nail in an asphalt driveway, a common corner to Tax Parcel 226-(1)-AA and Tax Parcel 226-(1)-BLK 4-7A;

THENCE, leaving Broce Drive, N.W. and running with Tax Parcel 226-(1)-BLK 4-7A North $05^{\circ} 35' 36''$ West 178.78 feet to a rod, a common corner to Tax Parcel 226-(1)-AA and Tax Parcel 226-(1)-BLK 4-7A and on the line of lands of Cap IX Blacksburg, L.L.C.,

THENCE, leaving Tax Parcel 226-(1)-BLK 4-7A and running with Cap IX Blacksburg, L.L.C., North $65^{\circ} 19' 33''$ East, passing a rod at the corner of Parcel 226-(1)-AA and Tax Parcel 226-(1)-A at 26.41 feet, for a total distance of 307.95 feet to a point;

THENCE, continuing with Cap IX Blacksburg, L.L.C. and the Georgetown Square Homeowners Association, South $01^{\circ} 15' 44''$ West, passing the common corner of those lands at 130.85 feet, for a total distance of 275.47 feet to the BEGINNING.

Said tract or parcel contains 1.391 acres, more or less, is designated as Montgomery County Tax Parcels Tax Parcel 226-(1)-A and Tax Parcel 226-(1)-AA; and was acquired by BSD Broce Partners, L.L.C. by deed of record in Instrument Number 2018006469 in the Montgomery County, Virginia Circuit Court Clerk's Office.

Planned Residential District Rezoning for
Stonegate North Multi-Family Development

Subject: RE: Stonegate IV PRD Application

Hi John,

Thank you for the below information. Based on your summary of changes, we think you can move forward with submitting the application on December 2nd. However, the submission must include turn lane warrant analysis as was noted in the site plan review letter. The submission must also include a stormwater concept plan and all other engineering information typically included with a rezoning request. I know these items are typically included but we do usually go over them in a pre-application meeting with the engineering folks so I want to be sure they are not overlooked. Let me know if you have any questions. Thank you,

Kali

Subject: Stonegate IV PRD Application

[EXTERNAL MESSAGE WARNING]

Ladies – Hope you are doing well. I discussed this application with Kinsey this afternoon and she agreed to allow me to touch base with you on our plan to submit for the PRD for Stonegate IV on Monday. I had mentioned to Anne the other day about our submission and was it okay for us to put the date of the Stonegate IV meeting discussing the off-site parking and the plan review comments as our pre-application meeting. She was hesitant to do that and suggesting talking with Kinsey. I understand the reasoning but I would certainly like to request that we move forward with the rezoning application submission for this coming Monday. We are effectively requesting a rezoning that will match the site plan that was submitted and then modified when we were requesting the off-site parking and has went through a full site plan review period with the TOB providing comments we've used to inform the PRD application.

Several points during the conversation with Paul and Kali as well as at two meetings prior we were encouraged to submit for a PRD and at that most recent meeting, we discussed the makeup of the PRD. Our client is under a very tight timeframe for entitlement, design, and construction and while I know that is not your problem, we feel like we are well ahead of any other projects that would be submitting for a PRD in that we have submitted a full site development plan on this site and it has been reviewed. Our submission will slightly modify what you've seen on the site plan, but we will still have the townhouse units along Broce Drive and the one multi-family building in the same location as shown on the site plan.

The Rezoning will serve to do the following:

- Reduce the parking ratio from 1.1 sp/br to 0.80 sp/br.
- Add a story to the multi-family building including an elevator. Otherwise the same footprint as shown on the site plan that was reviewed.
- Modify the setbacks and open space percentage while providing specific detail on the amenities in the open space.
- Incorporate the Town's desired pedestrian access from Broce Drive to the Terrace View Property.
- Increase the proposed bedrooms from 66 to 78. Proposed density of 56.11 br/acre.

Otherwise, this PRD is pretty much similar to what was reviewed for the first site plan review process. I truly hope with the site plan review and the multiple discussions we've had, we can proceed with the PRD application on Monday.

Don't hesitate to call and/or email me with any questions or concerns you may have.

Thanks,
John
